A Block Mixer Project

The Forget Me Not quilt is made with blocks that are pieced with 3 different sections and mixed-up to create the look of improvisational piecing. Follow our pattern or mix-up the sections for your own unique design.

Finishing

1. Layer the backing (wrong side up), batting and quilt top (right side up). Baste layers to secure. Quilt as desired. Trim the excess backing and batting.
2. Sew the binding strips together into one continuous strip. Press in half length-wise. Sew the binding to the quilt top with a 1/4" seam allowance. Turn the binding to the back side of the quilt and stitch down by hand with matching thread.

Alternate Fabric Option Idea

You can use different strips to piece the units for variation. In this version below, we switched out fabrics F1-E and F10-C with the light blue and dark yellow in the strips and used the same layout. Have fun playing with the fabrics and layout for an improv look.
